

6th Annual Friends of COF Benefit Golf Tournament

Sycamore Ridge Golf Course • Spring Hill, Kansas
Thursday, June 8th • 8:00 a.m. Shotgun Start

Challenge yourself to play 18 holes of Sycamore Ridge golf for a day to benefit the Friends of COF. Sponsors and players will be thrilled to know their investment in the event means they are helping COF to provide support for more than 300 individuals with intellectual/developmental disabilities such as Down syndrome, cerebral palsy, epilepsy, and autism. Individuals with disabilities like this need ongoing support for these life-long conditions. COF is the only 501 (c) 3 Non-Profit Community Service Provider in Coffey, Osage, and Franklin Counties for individuals with these types of disabilities. COF provides a wide array of support services in these three counties and beyond; including supported employment, community living opportunities, health monitoring, transportation, and recreational activities.

Family and Friends of COF

Thank you for being a significant part of our Sixth Annual Friends of COF Foundation Golf Tournament. This tournament is the #1 fund raising activity for our foundation. This event becomes more important to us every year. As we all know, our state has had significant budget issues for several years. The net effect of these difficulties is a steady stream of funding cuts. Proceeds from this annual tournament are helping our foundation provide money to COF Training Services to offset some of these cuts and to provide funds for necessary equipment and services to support the Intellectually and Developmentally Disabled adults we serve.

My son, Steven, has been served by COF for 30 years. As his dad and guardian, and along with him, please accept our deepest gratitude for your support.

Jay Terry, daughter Karen and son Steven

We realize there are many opportunities to donate.

Please keep in mind that not all charitable organizations are created equal.

The Friends of COF and the people who receive services from COF thank you for your consideration of this request.
